

Ragnarok Online: The Complete Lore & World Compendium

1. The World of Midgard

The universe of Ragnarok Online is set in the world of Midgard, a high-fantasy realm deeply inspired by Norse mythology but layered with elements of steampunk and highly advanced lost technology. It is a world still bearing the scars of an ancient, apocalyptic war between Gods, Humans, and Demons that ended in a millennium-long truce. Today, that fragile peace is beginning to fracture as ancient seals weaken and political tensions rise across the continents.

2. The Rune-Midgarts Kingdom

The deeply rooted, monarchic heart of Midgard, driven by divine right, ancient traditions, and a history of holy warfare.

Prontera

The gleaming, fortified capital of the kingdom. Defined by holy light and rigid hierarchy, its streets echo with the clanging armor of the Knights and Crusaders. Beneath its pristine, bustling markets lies a long, bloody history of holy wars and political maneuvering within the royal family.

Izlude

A vibrant satellite port town just east of Prontera. It acts as the kingdom's primary naval hub and martial training ground, famously housing the Swordsman Guild and the grand Arena where warriors test their mettle.

Geffen

The epicenter of arcane study, built in a mesmerizing spiral pattern around a colossal, ancient spire. The air crackles with residual magic, though its brilliant scholars constantly risk the city's safety by digging into the cursed subterranean ruins of Glast Heim below.

Payon

A secluded, deeply spiritual village cloaked in ancient forests. It is a place of ancestral reverence and traditional architecture. Payon is a sanctuary for marksmen and survivalists, housing both the esteemed Archer Guild and the historic Hunter's Guild, drawing master trackers and beast tamers to its densely wooded borders. The town remains heavily tied to the unresolved grievances of the spirits residing in the Payon Cave.

Morroc

A desert jewel originally built around a life-giving oasis, operating as a haven for thieves, assassins, and merchants. Its narrative is one of absolute tragedy; the city was shattered and its oasis permanently destroyed when the ancient demon Satan Morroc awakened, forever scarring the landscape and forcing its resilient people to rebuild from the ashes.

Alberta

The bustling economic lifeblood of the kingdom. Alberta is a vibrant coastal port city defined by the scent of salt air, massive trading galleons, and the relentless haggling of the Merchant Guild. It serves as the gateway to the world's oceans and international commerce.

Al De Baran

A peaceful, orderly city defined by its intricate canal system and the looming presence of the legendary Clock Tower. The tower itself is an architectural marvel and a highly dangerous labyrinth, bending time, space, and reality within its ceaseless gears.

Comodo

A casino and entertainment hub hidden entirely within a massive, luminescent subterranean cavern. Bathed in eternal twilight, it is the home of Dancers and Bards, offering a festive, high-stakes refuge from the harsh wilderness above.

Umbala

The secluded Wootan tribe village, built perilously high up in the jungle canopy. It is a deeply tribal society with its own unique language, physically situated near the colossal roots of the Yggdrasil Tree, bridging the gap between the mortal realm and the realm of the dead.

| 3. The Republic of Schwartzvald

A northern republic that traded magic for steam, steel, and ruthless corporate progression, defined by unregulated technological advancement and dystopian inequality.

Juno (Yuno)

A breathtaking utopia floating high in the sky, serving as the capital of scholars, sages, and researchers. However, its pristine academic pursuit is fueled by the dangerous, poorly understood ancient technology salvaged from the subterranean ruins of Juperos.

Einbroch

The sprawling, claustrophobic city of steel, permanently choked by thick, toxic smog from its relentless factories. It is a gritty, industrialized metropolis where the Gunslinger Guild thrives amidst the clanking machinery of unregulated progress.

Einbech

A destitute, neighboring mining village that acts as the primary resource vein for Einbroch's factories. Its workers endure grueling, hazardous conditions, treated as highly expendable resources by corporate overseers.

Lighthalzen

The zenith of Schwartzvald's technological hubris. It is a city of terrifying duality: a pristine, wealthy commercial district separated by a heavily guarded wall from squalid, impoverished slums. In the shadows, the all-powerful Rekenber Corporation conducts horrific, unregulated human experiments in their underground bio-laboratories.

Hugel

A quiet, idyllic rural retreat tucked away in the far northeast. Far from the choking smog of Einbroch, Hugel is a vibrant party town famous for its high-stakes monster racing and bustling bingo halls, offering a deceptively peaceful escape.

4. The Arunafeltz States

A strict, isolated theocracy where unwavering faith in the Goddess Freya dictates every aspect of law, culture, and survival.

Rachel

The blindingly bright capital, constructed of pristine white stone and built entirely around the massive Sesrumnir temple. Beneath its serene, devout surface lies a volatile, ruthless theocracy and a hidden sanctuary where violent fanaticism is kept carefully concealed from common worshippers.

Veins

A harsh, secluded canyon village tucked away in the red rocks near an active volcano. It is a rugged, unforgiving town where extreme religious zealotry meets the brutal daily reality of surviving in a geothermally active wasteland.

5. The Global Project Towns

Amatsu

A serene, feudal-inspired island defined by its eternal cherry blossoms, pristine tatami-matted castles, and deep-rooted folklore. It houses the secretive Ninja guild and is plagued by ancient yokai sealed within its dungeons.

Ayothaya

A land of golden temples and emerald waters. Surrounded by dense, labyrinthine jungles, the city is a peaceful spiritual center that guards ancient, dangerous ruins filled with mythical beasts.

Louyang

A majestic, sprawling empire set amidst vast plains and towering mountains. It is a city of martial arts mastery and dragon lore, culminating in the formidable Royal Tomb that houses legendary terracotta warriors.

Kunlun (Gonryun)

A mystical, heavenly village floating among the clouds, renowned for its immortal peaches and grand shrines. The town exudes an otherworldly peace, though its heavenly hermitages are fiercely guarded.

Brasilis

A vibrant, coastal settlement bordered by impossibly lush, dense jungles. Known for its breathtaking waterfalls and festive atmosphere, the local museum hides a secret entrance to a magical, perilous aquatic cavern.

Dewata

A beautiful, culturally rich island nation famous for its traditional weaponry, woven crafts, and the sacred Jaty Crown. It is a place of deep respect for nature, situated near an active, dragon-infested volcano.

Moscovia

A kingdom gripped by harsh, snowy winters and vast, mysterious pine forests. The town is deeply entrenched in folklore, featuring a unique moving island populated by the legendary Leshy and dangerous wilderness spirits.

Port Malaya

A coastal hospital town deeply entrenched in local mythology. Known for its unique jeepney transport, the city is constantly battling the terrifying influence of nocturnal folklore creatures like the Aswang and Tikbalang.

Rock Ridge

A harsh, sun-baked desert town embodying the spirit of the wild west. Populated by sheriffs, bandits, and wealthy mining magnates, it is a frontier of lawlessness and sudden opportunity.

| 6. Special Regions & Standalone Towns

Lutie

A festive, perpetually snow-covered village completely isolated from the rest of the world. It is famously home to the massive, magical Toy Factory, which produces joy for the world but is overrun by animated, aggressive toys.

Niflheim

The terrifying Realm of the Dead. Bathed in an eternal, eerie twilight, this is a city where monsters, ghosts, and the undead roam freely through the streets alongside the damned souls of fallen adventurers.

Jawaii

A secluded, sun-drenched tropical island resort designed exclusively as a romantic getaway. It is strictly accessible only to married couples seeking respite from the endless wars of Midgard.

Malangdo

A bizarre, remote tropical island populated almost entirely by a highly organized, seafaring navy of talking cats. They have established a functional society and barter system centered around their love of fish.

Lasagna

The colorful, food-themed starting town for the feline Doram race. It is an oversized, whimsical world of giant foliage and massive culinary structures, serving as a peaceful sanctuary for the adventurous cat-like beings.

| 7. The New World (Ash Vacuum) & Beyond

Midcamp

The heavily fortified expedition post serving as the first foothold in the New World. It is a tense, fragile coalition where the usually warring factions of Midgard are forced to cooperate against the sheer hostility of the alien environment.

Splendide

A lush, vibrant, and highly magical forest settlement. It is inhabited by the Laphine, a fairy-like race deeply connected to the ethereal energy of the world, constantly at war with their mountainous neighbors.

Manuk

A brutal, frozen, mountainous terrain home to the tough, woody Sapha race. They are a stoic, physically imposing people who mine the harsh minerals of their land to survive the unforgiving cold.

El Dicastes

The grand, highly structured capital city of the Sapha. It is a fortress of immense architectural scale, showcasing the true industrial and magical capabilities of the woody race.

Mora

A secretive, hidden village located deep within the disorienting, toxic Hazy Forest. It serves as a sanctuary for those cursed by the forest, isolated entirely from the politics of the outside world.

Eclage

The beautiful, towering capital city of the Laphine, carved directly into massive, ancient trees. It represents the pinnacle of their magical civilization and their harmonious relationship with nature.

Cor

A secret, highly advanced Rebel base located within an illusionary dimension. It is the tactical heart of the resistance against corporate and governmental tyranny.

| 8. Important Locations, Dungeons, & Landmarks

Glast Heim

Once a glorious capital and a beacon of civilization, Glast Heim is now the most infamous cursed ruin in all of Midgard. Located northwest of Geffen, this massive sprawling castle was corrupted by dark magic and divine punishment. Today, it stands as a grim labyrinth overrun by powerful undead, demons, and the restless souls of its royal guard.

St. Capitolina Abbey

Nestled far into the rugged mountains east of Prontera, this secluded sanctuary is where martial arts and divine devotion intertwine. The monks who train here reject heavy armor, instead seeking inner peace, spiritual enlightenment, and the extreme physical conditioning necessary to channel holy energy through their bare fists.

Mt. Mjolnir

A massive, treacherous mountain range acting as a natural border dividing the Rune-Midgarts Kingdom from the Republic of Schwartzvald. The towering peaks are riddled with steep cliffs and aggressive wildlife. Deep within lies the Mjolnir Dead Pit, an abandoned mining operation now infested with insectoid monsters.

The Assassin Guild

Hidden deep within the harsh, blinding sands of the Sograt Desert, the Assassin Guild operates in absolute secrecy. Heavily guarded by dangerous desert fauna and concealed behind layers of deception, its initiates are stripped of their identities and subjected to brutal training in stealth, poison, and lethal precision.

The Pyramids & The Sphinx

Looming over the western sands of Morroc, these are colossal monuments of a forgotten era. The Pyramids serve as the labyrinthine tombs of ancient desert kings, housing the cursed remains of Osiris. The Sphinx acts as a deeply mysterious subterranean dungeon, harboring beasts of myth like the Minorous and the Pharaoh.

The Sograt Desert

A sprawling, blistering expanse of arid wasteland dominating the southern region of the Rune-Midgarts Kingdom. The desert is a hostile environment defined by shifting sands, scorching heat, and predatory creatures, making travel impossible without a hardened escort.

Juperos Ruins

Located deep beneath the plains of El Mes Plateau, Juperos is the fallen city of a highly advanced ancient civilization. The ruins are guarded by hyper-lethal, ancient security automatons and AI systems that continue to function millennia after their creators perished.

Thanatos Tower

A dizzying, multi-tiered monument reaching into the heavens, originally constructed to seal away the terrifying Phantom of Thanatos. The tower is a perilous gauntlet of angelic and demonic entities, serving as a monument to ancient arrogance and the cost of wielding absolute power.

Odin's Temple

The shattered, overgrown ruins of a sanctuary once dedicated to the chief of the Gods. Located on an isolated island, these ancient stone halls are now patrolled by celestial guardians and the lingering, dangerous remnants of divine magic left behind after the ancient war.

Abyss Lake

A serene, secluded lake that conceals a terrifying secret beneath its waters. Accessible only through a hidden pedestal, it leads to a massive underground sanctuary teeming with Midgard's most ancient and powerful dragons, guarding hoards of untouched treasure.

Byalan Island & The Undersea Tunnel

A skull-shaped island offering access to an expansive network of submerged, ancient ruins. This multi-layered underwater dungeon is home to aggressive marine life and the remnants of a forgotten, aquatic civilization that worshipped sea deities.

Kiel Hyre's Academy

Disguised as a prestigious orphanage and boarding school in the Schwartzvald Republic, this facility secretly houses a massive, subterranean robot factory. It is the epicenter of Kiel Hyre's tragic obsession with creating synthetic life, now overrun by violently malfunctioning androids.
